

Nebraska Public Power District
Southwest Power Pool Open Access Transmission Tariff
Rate Sheet for
Schedule 3 - Regulation and Frequency Response Service

Regulation and Frequency Response Service is necessary to provide for the continuous balancing of resources (generation and interchange) with load and for maintaining scheduled interconnection frequency at sixty cycles per second (60 Hz). Regulation and Frequency Response Service is accomplished by committing on-line generation whose output is raised or lowered (predominantly through the use of automatic generating control equipment) as necessary to follow the moment-by-moment changes in load. The obligation to maintain this balance between resources and load lies with the Transmission Provider (or the Control Area operator that performs this function for the Transmission Provider). The Transmission Provider must offer this service when the transmission service is used to serve load within its Control Area. The Transmission Customer must either purchase this service from the Transmission Provider or make alternative comparable arrangements to satisfy its Regulation and Frequency Response Service obligation. To the extent the Control Area operator performs this service for the Transmission Provider, charges to the Transmission Customer are to reflect only a pass-through of the costs charged to the Transmission Provider by that Control Area operator.

The charges for this service where NPPD is providing the service to the Transmission Provider shall be as set forth below. The charges shall apply to the amount of Reserved Capacity as defined in the Southwest Power Pool (SPP) Open Access Transmission Tariff (OATT) for Transmission Customer's Point-to-Point transactions, and to the Transmission Customer's actual monthly Network Load for each month determined in accordance with Part III of the SPP OATT for Network Service transactions.

1. Monthly delivery: \$0.21/kW
2. Weekly delivery: \$0.048/kW
3. Daily delivery: \$0.0097/kW
4. Hourly delivery: \$0.00061/kW

Approved: March 13, 2009

Resolution No.: 09-33
